The Governor is invited to deliver the annual address before the Baltimore, Md., Lodge, No. 7, B. P. O. Elks, on the first Sunday in December. It is possible that the Governor will be able to accept this invitation.

Rev. Weston Bruner, D. D., pastor of the Fifth Baptist Church, Washington, D. C., has written the Governor, earnestly urging him to speak to his people on "Christian Cltizenship" on Sunday, November 5th, at 3 P. M.

The letter says: "We wish a prominent layman to speak on "Christian Cltizenship," and feel that no man of our knowledge can do it quite so well as yourself."

The right to play Carpenter in the game with the V. P. I. eleven will be consisted by the Lexington boys. They claim that he is a professional and that there are six other professional foot-ball men with the Blacksburg aggregation.

The fact that the Polytechnic, Institute eleven defeated the West Point cadets in the game recently played has strengthened the belief that they will put up a great exhibition of ball against every oposins team this season.

The Virginia Military Institute has a strong and fast team, which will be seen here on Thanksgiving Day, and it is the intention of those in charge to hold every opposing eieven down to the strictest college rules governing the players who are to participate in a game of the kind.

All Honor to the City.

V. P. I. Team; "Professional."

All honor to the sity of Richmond, its uncil, and especially the committee who aranged and conducted the reception of "Excellency" the President, and his rty on their visit to our historic city, thing could have been more creditable our people, and those in charge of a programme. It has been my pleasure attend many celebrated luncheons and monets through the North and South. and I unhesitatingly say, Nothing in excellence and order ever surpassed the reception and intertainment extended the
distinguished party, and it is a day to be
long and most pleasantly remembered.
The appointments of the table and the
service, as well as what was so beaufully prepared by the celebrated caterer,
will never be forgotten by the fortunate

fruits, and I think it Is eminently worthy
of especial mention. To have been a
resident of Richinoud, the State of Virsinis, associated with such a representative body of our best citizens, was indeed a privilege, not often vouchsafed one,
our great country, and I beg to be pardoned for reiteration of what I stated in
the outset; All honer to Richinoud, its
Council, and especially the committee,
who so successfully arranged the entertainment to the end it was served.

Gridiron Summary.

The Pichmond College eleven will meet the gridfron warriors from William and Mary College on the Broad Street field next Saturday. The game promises to be one of the fastest of any of the anatoms ones here this season. Richmond College has strengthened its ends very materially since the game here with Hardolph-Muson. and the boys from the Wignia has the control of the college from the Spiders.

The Rev. W. E. Robertson, of Randolph Street Paptlet Church, is holding a series of meeting, masteted by the Rev. Mr. Donne, of Patorsburg. Much interest is being manifested in the meetings, and large crowds are at-tending

Excessive coffee drinking, City Hospi Excessive coffee drinking. City Hospital physicians say, is the cause of little Johnnie Murphy's heart disease. Although only 8 years old, he has one of the worst cases of heart lesion that has ever come to the institution.

When he entered the hospital the child's heart was beating 160 to the minute, just twice the normal rate for a child of his age. For one month he has had no coffee and his heart section has

child of his age. For one month he has had no coffee and his heart action has been reduced to 100 beats a minute.

For two years the child has been drinking from nine to twelve cups of strong coffee every day. He began to complain of pains as if needles were sticking in his heart, and for a year has slept scarcely three hours a night, and then only when sitting propped up in a chair beside an open window.

Johnnie did not care for things to cat:

Johnnie did not care for things to eat coffee was all the food he craved, and except when cake or candy was given him, he took no other nourishment. As he was sick and not expected to recover, he was given all the coffee he desired until a physician saw him and advised that he be sent to City Hospital.

HEART WAS OVERWORKED.

Every heat of the child's heart could be plainly seen. To one inexperienced in medicine, it would seen that the heart extended over two, thirds of the chest region, and the pulsation is of a heavy, replayed character, suits different from region, and the pulsation is of a heavy, prolonged character, quite different from the sharp, quick beat of the normal heart. The boy is small for his age, and efforts of physicians have been to build up his strength. His treatment has been largely tonics and heart regulating medicines, such as strophantus or digitalls. As the heart, like other muscles, can stand only a given amount of with, hospital internes estimate that the 60 beats a minute he is now being saved by his minute he is now being saved by his betinence from coffee will prolong his

more or less from heart weakness caused by coffee, and with some, even one cup a day will bring on heart trouble.

The heart that has been only slightly attacked by coffee will protest and make its weak condition known under slight exertion, and it is plainly a dangerous condition to get into. It is a curious fact that coffee does not always attack the heart, but goes after the stomach, liver and bowels of some and leaves the heart alone.

liver and bowels of some and leaves the heart alone.

It is plainly classed as an active toxic and its work shows somewhere on most users. It is easy to rid one's self of the habit by using well-brewed Postum Coffee. The change in symptoms is shown in a day or two as a rule, and that change shows the user to a centainty that coffee was the destroyer.

It is tiseless to warn some people, even when it is easy to quit and be well again. So they peg along, sick and miscrable, charging their alls to "food," "east wind," "heredity," and whatnot, until some day the stroke comes when abused nature reaches the limit. It's casy to be well if one cares for the joy of health. One of the plain, sure well-built, and well-kept highways, with sign boards on each side, is the Postum route.

COST OF THE DECORATIONS

This Was Heavy, But People Bore It Graciously-Stand Taken Down.

President Roosevelt's visit to Richmond was the chief topic of conversation in the city yesterday, and every one seemed "delighted" that the President had been accorded such a splendid reception.

It is believed that the cost of the decorations will aggregate \$76,000.

rations will aggregate \$75,000.

These prices ranged from \$10 to \$500 per building. The heaviest cost was upon the building of the Mutual Assurance Seciety, at Ninth and Main Streets. This cost was borne almost exclusively by the tenants in the building, the proprietors decorating only the lower story. Nearly all the decorations were torn down yesterday. The strand in the Capitol Square was taken away and other arrangements made for the President were demolished.
